

Saint James School

Pre-K2 Program

Greetings! We are excited to share the opportunities that await your family and how ***Trojans Build Up Trojans*** begins with our earliest learners and continues through graduation.

In August 2022, we expanded our preschool through the addition of our Pre-K2 program. With the support of dedicated and caring teachers, Pre-K2 students begin to form important educational building blocks and explore elementary enrichments such as music, science, and library. Pre-K2 students engage in learning through meaningful, everyday moments that build upon their natural curiosity; practice regulation of emotions, behaviors, and social skills; and develop confidence in their abilities and a sense of security in their surroundings. The preschool learning space features individual classrooms and unique indoor and outdoor play areas and science labs.

Saint James School is honored to provide the best whole child, college preparatory experience in Central Alabama, and the Saint James Admissions team looks forward to sharing our nurturing Pre-K2 experience with your family!
